

Company Overview

Summit Managed Solutions is a management consulting and professional services firm that partners with healthcare organizations across the private, public, and social sectors to create value.

Summit addresses our partners' day-to-day management needs, enabling internal staff to better focus on strategic initiatives. By providing comprehensive solution management and inclusive business operation services, Summit helps deliver specific, transformative outcomes. Our consulting and managed service offerings help partners overcome the critical challenges associated with people, process, and technology, while providing partners with flexibility, reliability, and innovation that will propel growth.

INITIATE

We have a bias for action. We make decisions with imperfect information and quickly move forward; we are comfortable with discomfort. We learn, we iterate, and we progress.

IMPACT

We have exceptionally high-standards and strive to add value through all interactions. We seek, uncover, and speak truth. We measure our success in terms of what we build for partners.

INNOVATE

We dream big and we lead through vision. We challenge the status quo and push boundaries. We're optimists that ignite positive transformations.

Summit believes in delivering unmatched value to our partners. This is accomplished by long-lasting solutions, providing execution support, and building enduring capabilities. The Summit team works shoulder-to-shoulder with partners to achieve and sustain transformational impact over time. Bottom line, Summit helps organizations accelerate execution to achieve long-term performance improvement and measurable, impactful results.

Services Offered

Program Management Office

Our team is composed of experienced program managers who specialize in healthcare program design, implementation, and optimization. We bring a track record of success in managing both large scale implementation and locally designed programs, ensuring that they are structured to deliver value and meet partners' unique business objectives.

Marketing Operations & Growth Strategy

Summit Managed Solutions excels in developing comprehensive marketing strategies tailored to the health plan landscape. We employ data-driven insights and innovative

marketing techniques to engage members, providers, and the community effectively—ultimately enhancing program participation and impact.

Member and Clinical Quality Programs

Our proficiency in administering member and clinical programs ensures seamless operations. We're experienced in garnering strategic relationships for innovative pilots that include performance evaluation to define future product development and implementation of internal workflows.

Strategic Sourcing

Summit has a proven track record in strategic sourcing and optimizing the acquisition of resources including; talent, supplies, and technology. Our approach to strategic sourcing includes vendor management that facilitates direct feedback and collaboration to reduce costs and improve quality and reliability.

Financial Optimization & Payments

Our team guides strategic decisions for operational programs, value-based contracts and partner agreements that result in financial optimization for healthcare. We have deep rooted experience analyzing claims and utilization data to identify new initiatives that result in operational and cost of care savings.

Data-Driven Approach

Our team leverages advanced data analytics to inform our program management and marketing strategies, allowing for continuous improvement, targeted outreach, and a personalized member experience.

Collaboration and Partnerships

Summit has a proven history of collaborating with managed care organizations to achieve membership growth and cost of care savings. We are committed to working closely to align our efforts with our partners' vision for success.

References

Summit partners with healthcare companies and organizations spanning Fortune 500s, health systems, and state/federal agencies. We are prepared to provide references from our current and past clients who have benefited from our program management and healthcare expertise.
